

2010 SUPPLIERS

The winning medical technology companies in the thirteenth annual Medical Design Excellence Awards (MDEA) competition often owe much of their success to the efforts of the suppliers and designers who worked with them to develop their innovative medical devices.

MDEA suppliers operate in a wide range of areas. Design firms, materials suppliers, component manufacturers, and consulting firms all play a vital role in the development of award-winning products. The MDEA competition acknowledges the contributions of named suppliers through a program designed especially to honor the companies that support MDEA-winning products. In keeping with the global scope of the medical device industry, ten of the 2010 supplier companies are from outside the United States, representing Australia (2), Belgium (1), Canada (2), Denmark (1), Germany (1), Ireland (1), South Korea (1) and Sweden (1).

MDEA suppliers earn the exclusive right to use the designations “2010 MDEA Supplier” or “Supplier to a 2010 MDEA Winner,” and to display the special MDEA supplier logo in their promotional materials and exhibit booths.

The following guide provides contact information for the 45 named suppliers to 2010 MDEA-winning products. The information provided here was current at the time the honor was presented but has not been updated. For the most current information about these suppliers, visit the Medical Device Link online suppliers’ directories via www.devicelink.com.

Alga Plastics

21 Amflex Dr.
Cranston, RI 02921
Phone: 401/946-2699
